Edits to Loaded Template

Edits made to the loaded template will be displayed below the Submit button.

Create A New Shipment:

Confirmation - Save As Template modal - Changes Made to Loaded Template

The screenshot shows the UPS 'Create A New Shipment' interface. At the top, there is a navigation bar with the UPS logo and 'Create Shipment' text. Below this, there are three tabs: 'Create A New Shipment' (which is active), 'View Created Shipments', and 'Manage Templates'. The main content area displays a confirmation message: 'Your shipment has been created' with a green checkmark icon. Below this, there is a note: 'Your local UPS provider will be in contact with ad... If you need to make any changes contact the cor...'. There are two buttons: 'Create A New Shipment >' and 'Save As A Template >'. A modal dialog is open in the center, titled 'Save As Template?'. It asks 'Save changes to Melanie Test 1 Template?' and provides three options: 'Save Changes To This Template >', 'Save As A New Template >', and 'Don't Save Template' (a link).

Save As New Template button

This button is added so the user can save their current shipment data as a new template. Clicking this will display the Save As A New Template popup

Create Shipment:

Templates - tab, No templates

The screenshot shows the UPS 'Create Shipment' web interface. At the top left, there is a hamburger menu icon, the UPS logo, and the text 'Create Shipment'. On the top right, it says 'Viewing As Swarovski-Evolve Pro' with a dropdown arrow, and icons for search, help, and user profile. Below the header is a navigation bar with three tabs: 'Create A New Shipment', 'View Created Shipments', and 'Manage Templates'. The 'Manage Templates' tab is selected and underlined in blue. The main content area has the word 'Templates' in a large font, centered, with a yellow underline. Below it, a message reads 'Create A New Shipment to save it as a template'.
